Question: Use this space for any comments you may have about your discussion, lab, or recitation, etc.

Great!

The only reason I passed any exams was because my TA recovered all the material that my professor neglected to cover and then proceeded to quiz us on.

It was incredibly helpful to have this discussion section so that we could focus more on harder topics and things we might not have understood perfectly in lecture

Zhe put a lot of time into teaching, and was knowledgeable about the subject matter. He was dedicated and informed.
